DETAILED ACTION

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claim Rejections - 35 USC § 112

1. Claim 8 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claim 8, line 2, it is not clear what is meant by "less than". Should "then" read --than-- ?

In claim 8, it is not clear what is meant by "the entire length" since it was not well defined.

Applicant is required to review the claims and correct all language which does not comply with 35 U.S.C. § 112, second paragraph.

Claim Rejections - 35 USC § 102

2. Claims 7-10, as best understood, are rejected under 35 U.S.C. 102(b) as being anticipated by the U.S. Patent No. 2,966,081 to Kallio.

Art Unit: 3722

Kallio'081 discloses the claimed invention, as shown in Fig. 7, comprising: at least one tooth including a lateral cutting edge; the tooth face comprising: at least two sections, a first section(26 Fig. 8) nearest the cutting edge(above 25) having a convex form, and a second section in a concave form.

Note Kallio'081 also discloses the length of the first section being 20% or less than the entire length of the tooth face as shown in Fig. 7; and a concave chip-breaking section(see attached DEMO 1/1) between the first section and the second section.

Response to Arguments

3. Applicant's arguments mailed 7/11/00 have been considered but are moot in view of the new ground(s) of rejection. As set forth in the art rejections above, Kallio'081, the previously cited reference, teaches the claimed invention.

Conclusion

4. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL.** See MPEP § 706.07(a). Applicant is

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
